ABOUT ME

Passionate and responsible Computer science graduate with a strong commitment to solve industry level complex problems, Known for punctuality and a dedication to delivering high-quality work. Eager to contribute technical expertise and innovative thinking to a dynamic team.

EDUCATION

Goa Engineering College

Bachelor of Engineering in Computer Engineering, 9.1 CGPA

Ponda, Goa

Oct. 2022 – Present

EXPERIENCE

Software Developer Intern

Frover

Oct 2023 – Present

Goa, India

- Developed Frover Company's recruitment process by creating a dynamic careers page with Next.js, PostgreSQL, and Prisma. Enhanced user experience with features like dynamic job listings and advanced search, streamlining hiring and supporting company growth.
- Collaborated closely with team leaders, project managers, and designers at Frover Company to ensure alignment with project goals and objectives.

PIXEL magazine design team member

Goa Engineering College

Aug. 2023 – Aug. 2023

Ponda, Goa

- Communicated and coordinated with teammates on the PIXEL magazine
- Designed the magazine on Figma, worked on graphic designing techniques like masking, font selection, color grading, prototyping, exporting, article editing etc.
- Worked as a chief editor of the technical section of the magazine.

College Coders Club Tech-trooper

Goa Engineering College

May 2022 – present

Ponda, Goa

- Engaged in volunteer work for tech events and actively contributed to coordinating the annual hackathon hosted by the Computer Department of Goa Engineering College as part of the Technix event. This involvement allowed me to support the smooth execution of the hackathon while fostering collaboration and innovation within the tech community.

PROJECTS

GecBazzar | *NextJS, Nodejs+Express, Mongodb, tailwindcss* | [LINK](#)

Nov 2023 – Jan 2024

- Developed College Materials Marketplace, utilizing Next.js for efficient functionality.
- Enhanced user experience for students by simplifying access to essential college materials.
- Facilitated seamless exploration and connection with sellers offering items such as textbooks, drafting tools, and more.

Frover Careers Page | *NextJS, PostgreSQL, Prisma ORM, RestAPIs* | [LINK](#)

Sep 2023 – Sep 2023

- Designed and developed a dynamic careers page for Frover Company using Next.js, PostgreSQL, and Prisma.
- Implemented innovative features including dynamic job listings, advanced search and filtering functionalities, and streamlined application management.
- Significantly enhanced user experience for potential candidates.
- Played a pivotal role in optimizing the hiring process and improving efficiency.
